Course details:

Cool cats Computing are able to offer a bespoke course for classroom support staff that provides opportunities to develop competency in real, school based tasks and accreditation for experienced staff.

These courses are ideal for the professional development of support staff to help them gain new skills and knowledge and also to accredit them for the expertise that they already have.

They will help support staff to develop their skills and encourage them to extend their career in supporting children in the classroom. It will also open up the opportunity for them to gain further qualifications possibly leading to a Teaching career.

A wide range of units are available to build up to a level 2 or 3 Certificate or Level 3 Diploma depending on the experiences they already have, the work they are presently involved with and the areas they would wish to develop.

The chosen qualification is delivered in a flexible way to suit the needs of the candidate and the school. There is a minimum requirement of two candidates per school but candidates from cluster groups of schools would be considered. Please contact us for details.

Each candidate will be allocated a Tutor who will be the main contact and who will arrange tutorials to discuss any issues that arise and help to plan the path to completion.

Participants will also be provided with free membership of the online 'Study Centre' which contains a vast array of training and support material.

Cost per participant: with national accreditation by OCR :

Level 2 Certificate £500, Level 3 Certificate £600, Level 3 Diploma £750.

note: 50% Reduction if you do not have an existing Level 2 qualification (or equivalent).

Course dates: Sessions numbers will vary depending upon the individual candidate's requirements. Course programmes will begin in October.
